Hello Ellen!

Just wanted to drop you a line to let you know of how very, very pleased and most happy we are that we chose to go with your Creative Closets. We also have to give credit to all of the gentlemen that came here to install all of the ~~new~~ great do-dads you did create for us. Very neat, professional and quite conscientious of their work. Please extend our thanks to them all.

I especially enjoy doing our clothes in my new organized laundry room with the folding table that was a ~~must~~ <sup>must</sup> in my case - door for the mounted ironing board is super looking! How wonderful it is for you to make

people's lives a bit more organized for them.  
Sometimes I'm sure making them feel  
organized even if they're not!

So keep up your great creativity! If  
there's ever a need for more uncluttering,  
you can be assured we'll be calling on  
you.

With the greatest of gratitude —  
Irene S. [Signature]
