Allentown, PA 18106

To Ellen and the Staff at Creative Closets,

We are writing to thank you for the great job that you recently performed for us in our master bedroom closet. Prior to the installation by Creative Closet, our closet was not very functional and did not fit the needs of how we used it. We were very pleased with the way you presented us with a design that completely accommodated our "Stuff" and our lifestyle. Your attention to each and every detail was amazing. We were very satisfied with the design you presented to us. Also, the installation team did a great job with the installation and were always very friendly and very respectful of our home. Your office staff was always responsive and returned our calls quickly. We were very pleased with the professionalism of your entire team at Creative Closets. Thank you for making our life more organized!
