Ellyn Gellar-Elstein

**Q:** Dear Closet Lady,  
I own my own business and am building a new office. Can you work with my contractor to organize my storage and office areas?

Jim  
Allentown, PA

**A:** Jim, we welcome the opportunity to organize commercial office space and have been involved in many such projects. We have a special line of office furniture that may interest you. We'll be happy to meet with you, your contractor and of course your office manager.
